**Fibers:** 10/0 Delicas #DB0202, #DB0233, #DB0703

**Technique:** Basketweave Beading

- You will move in a basketweave direction, up and down the diagonal rows, paying attention to the grain of the canvas.
- Step 1 (for covering either vertical or horizontal threads), come up in the lower left hole. Go through the bead, going back down in the upper right hole.
- Step 2 for covering a vertical thread, come up in the lower right hole, go back through the bead, entering through the bottom, then go back down in the upper left hole.
- This second stitch will pull the bead into a vertical orientation.
- Step 2 for covering a horizontal thread, come up in the upper left hole, go back through the bead, entering through the bottom, then go back down in the lower right hole.
- This second stitch will pull the bead into a horizontal orientation.
- You will work successive diagonal rows of horizontal beads, and then vertical rows.
- You only change the color of beads, not thread.

 Neon Rays + #NP83  
 Sparkle Rays #SR02, #SR27, #SR49  
**Stitch:** Rhodes in various sizes.

- The graphs show sample sizes, but size up or down to fit the painted area.
- The rhythm is slightly different than a traditional Rhodes stitch. This different rhythm prevents the “dent” on the bottom of a traditional Rhodes.

**Area:** Small Squares and Single Stitches  
**Technique:** 4mm Hotfix Crystals were applied, and assorted beads were applied with a cross stitch.

*If Hotfix crystals are not available, or you don't want to use them, feel free to stitch the small squares in Smyrna Crosses in appropriate colors.*

*All graphs included are for the illustration of the rhythm of the stitch, and may not exactly represent the painted area. Areas should be properly compensated to cover the painted area.*
