Area: Swirl Candies
Fiber: Miyuki 10/0 Delicas, color #151, #683, #177, #694, #906, #57, #152, #46 Sparkle Braid #SK06

Technique: Basketweave Beading

- The first step, regardless of whether you are covering a horizontal or a vertical canvas thread is to come up in the lower left hand hole, go through the bead, then back down in the upper right hand hole. This is a classic tent stitch. The bead will slant from the lower left to the upper right, just like the stitch.
- When covering a horizontal thread, come back up in the upper left hand hole, go through the bottom of the bead (the end nearest the lower left hand hole), and then go back down in the lower right hand hole. This will "pull" the bead into a horizontal position.
- Moving just like basketweave, continue to apply any beads covering horizontal threads in that diagonal row.
- When covering a vertical thread, follow the first step. For the second step, come up in the lower right hand hole, go through the

bottom of the bead (again, the end nearest the lower left hand hole,) and then go back down in the upper left hand hole. This will "pull" the bead into a vertical position.

- Moving just like basketweave, continue to apply beads covering vertical threads in that diagonal row.

You do not need to change the color of your beading thread as the color of the design changes, just change the color of the bead you apply.

Once an area is completed, you might need to "scoot" the beads on the outer edges towards the center for tightly packed coverage.

Area: Purple/Green Swirl
Fibers: Soft Sheen Fyrewerks #FT10, #FT24, 1/16th" Ribbon #015L, Felt

Stitch: Padded Rhodes Circle

1. Cut 2 circles of felt slightly smaller than the painted area. This does not have to be a perfect circle.
2. Work with 3 needles threaded, 1 and follow the graph.
