Beading  
*Recommended beading threads:  
clear Sulky sewing thread; 4lb  
Test Fireline*

- Beads are applied with cross-stitches, moving in diagonal rows, like basketweave.
- The first stitch of the cross-stitch, no matter which directional canvas thread you are covering, goes from the lower left, through the bead, then back down in the upper right.
- When covering a vertical thread, the second stitch will come up in the lower right, come back through the bead from the bottom (lower left end) and then go back down in the upper left.
- When covering a horizontal thread, the second stitch will come up in the upper left, come back through the bead from the bottom (lower left end) and then go back down in the lower right.
- Move between stitches in diagonal rows, just like basketweave.

**Fibers:** 1/16th #029L, FT32  
**Stitch:** Rhodes

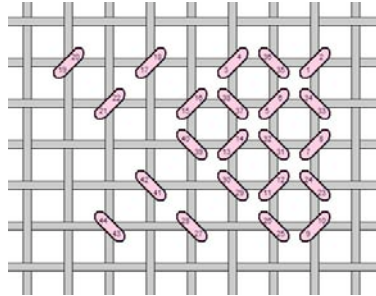

**Area:** Gold Borders  
**Fiber:** #8 Braid 202HL  
**Stitch:** Wrapped Stem

*Due to software shortcomings, this stitch is hard to accurately graph. The basic steps are:*

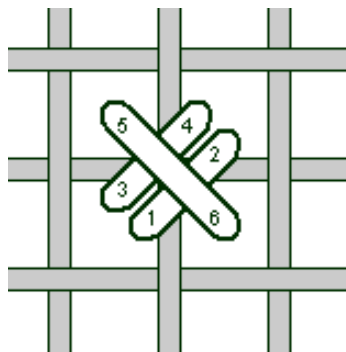

- Cover the line with elongated stitches, covering 2 canvas thread intersections.
- Come back up at one end, wrapping each stitch by sliding the needle under each stitch, then moving to the next stitch.
- Always move under the stitches from the same side (in the illustration, from the top.)

**Area:** Pink Ground  
**Fiber:** #8 Braid #9200  
**Stitch:** Reversing Skip Tent

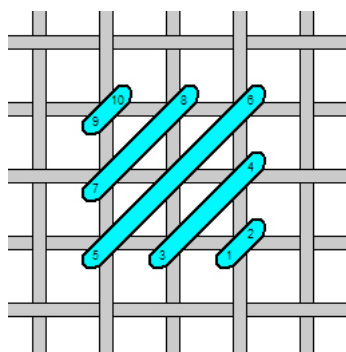

**Area:** Starfish  
**Fibers:** Vineyard Silk #C-188, #C-190  
**Stitch:** Tent

**Area:** White Dots  
**Fiber:** #8 Braid #032  
**Stitch:** Double Cross-Stitch

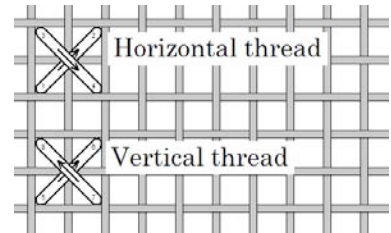

**Area:** Turquoise Ground  
**Fiber:** Hyla's High Cotton #432  
**Stitch:** Scotch Stitch

**Area:** Plaid  
**Fibers:** Magnifica #10065, #10106; Miyuki #DB0075, #DB0174

- Technique:** Line Beading
- Apply beads with a cross-stitch.
  - Apply them so the hole of the bead lines up with the direction of the line (not the canvas thread direction.)
  - It is easiest to work in small sections, between lines in the opposite directions.

*All graphs included in this guide are to illustrate the direction and/or rhythm of a stitch. They may not necessarily represent the painted area of a design, and compensation will be necessary in most areas.*
