Fiber: Petite Frosty Rays #PY368
Stitch: Diagonal Satin

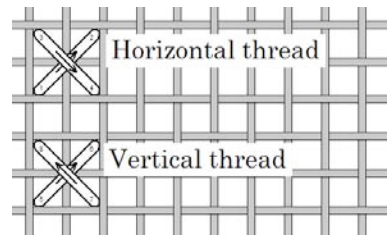

Compensate around the painted eyes and mouth.

Area: Eyes and Stem
Fiber: 10/0 Delica #DB0010, #DB0152

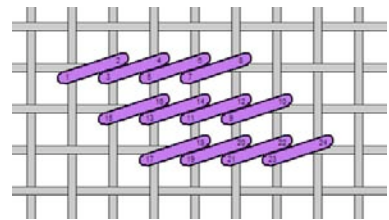

Technique: Basketweave Beading
Although the beads will not be packed in as normal, the technique is the same.

Recommended beading threads: clear Sulky sewing thread; 4lb Test Fireline

- Beads are applied with cross-stitches, moving in diagonal rows, like basketweave.
- The first stitch of the cross-stitch, no matter which directional thread you are covering, goes from the lower left, through the bead, then back down in the upper right.
- When covering a vertical thread, the second stitch will come up in the lower right, come back through the bead from the bottom (lower left end) and then go back down in the upper left.
- When covering a horizontal thread, the second stitch will come up in the upper left, come back through the bead from the bottom (lower left end) and then go back down in the lower right.
- Move between stitches in diagonal rows, just like basketweave.

Area: Purple Ribbon
Fiber: Soft Sheen Fyre Werks #FT24
Stitch: Encroaching Goeblin

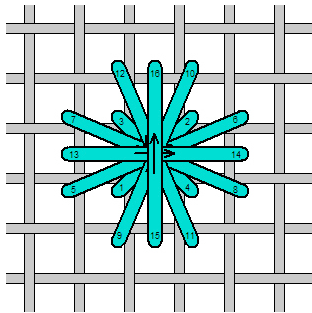

Woven Ribbon Mask (Large) EE-1103A

Area: Gold Ribbon
Fiber: #16 Braid #002V

Stitch: Wrapped Stem

At the time this stitch guide was written, all threads and embellishments were available. In the event a thread or embellishment is discontinued, any similar material may be substituted with no negative effect on the finished product.

All graphs included in this guide are to illustrate the direction and/or rhythm of a stitch. They may not necessarily represent the painted area of a design, and compensation will be necessary in most areas.
