Stitches: Tent and Diagonal Satin

Area: "give"
Fibers: Memory Thread #6150, #6170
Technique: Twisted and Couched

- Using your needle, open up the the holes on either side of the first stitch on the left hand side.
- Sink a length of each color into one of the opened holes, anchor approximately 1/2" on the back.
- Twist the two colors together, checking the length to ensure you can cover the entire word.
- Once you have at least half of the word, lay the twisted cord down, couching occasionally with either a similarly colored floss or clear beading thread.
- Work your way to the end of the word, and then, after opening up the holes on either side of the last stitch, plunge the ends to the back and anchor.

Area: "H"
Fibers: Needlepoint Inc. Silk #534, 1/16th" Ribbon #307 (for shading,) Soft Sheen Fyrewerks #FT43
